

**Messalonskee Middle School
Curriculum & Assessment Night
September 21, 2017 @ 6:00PM**

Curriculum and Assessment Night is an annual event that focuses on opening the lines of communication between your child's teachers and you. The relationship between teachers and parents has a huge impact on the learning of the child and we want to get things going on the path to success. When you come to our event you will learn about expectations, homework, topics of study, how communication will happen this year and what you can do at home to help your child succeed this year. We set the agenda this summer so that you could get the schedule early! We look forward to seeing you then.
